

## Winter 2019 –OUTSIDE VOLUNTEER GROUP SCHEDULE

### Requirements of Group

1. All Groups are required to arrive 30 minutes prior to volunteering for a brief training/overview of league rules and procedures to best prepare for Volunteering.
2. All groups also require TWO adult Volunteers/supervisors minimum to help oversee and coordinate participation (if group is under 18yrs of age). These adults will need to introduce themselves to the coaches and be responsible for the group during participation
3. Group Leaders must fill out a volunteer information form (provided by Miracle League), and all attending participants must write their names on the form
4. We ask that the group, where possible, please park across the street in the Safeway parking lot to free up spaces for our athletes and families that are in greater need of having close parking options/are not able bodied.
5. We ask that you please DO NOT TAKE photos. (Unless approved by parents of the athlete whose picture you are taking). If you want to take any groups shots or photos that are to appear on social media of any kind, they must be first approved by MLAZ Staff.
6. If the weather is at all questionable on a Volunteer day, the group leader/participants themselves must be responsible for checking our website, [www.mlaz.org](http://www.mlaz.org), or facebook page ([www.facebook.com/MiracleLeagueAZ](http://www.facebook.com/MiracleLeagueAZ)) for cancellation postings.
7. If you realize ahead of time that your group numbers are low, or the group will have to cancel, please let us know so we can recruit additional bodies for that game/day.
  - a. Note – Groups of 8-12 volunteers are optimal to ensure everyone gets the opportunity to be involved, and we have all volunteer needs met on a given game.

### Divisions/Leagues of Games

- Recreational Divisions
  - There are no strikes or outs. Everyone gets the opportunity to hit and score a run. Emphasis for Volunteers is on encouragement and enthusiasm
- Competitive Divisions
  - We have modified the rules for this game, and there are outs and strikes. Baseball knowledge or experience is recommended for volunteering with this league. Emphasis is on safety, skill development, and working as a team.
